ACCESS TO HEALING
SINCE 1948.

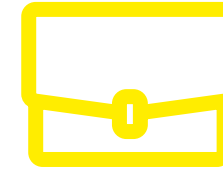

Through our work and our products, we are making a relevant contribution towards improving the quality of patients' lives. As a global company, we enable people all over the world to gain access to high-quality medicines.

We manufacture and register our products in Germany and subject them to stringent quality control procedures. This enables us to ensure that patients worldwide receive the same high-quality products we offer to our patients in Germany.

HIGH QUALITY
FROM GERMANY
FOR THE WORLD.

Branch offices and presence in more than 80 countries worldwide

Broad range of products for many important indications

Access to the latest medical research and information

To ensure reliable and consistent premium medical products, we collaborate with only the best specialists in our headquarters and conduct over 5,000 individualized product training courses for our medical sales representatives every year. We provide personalized customer service by more than 80 local teams.

QUALITY, RELIABILITY AND SAFETY.

According to estimates made by the World Health Organization (WHO), 1 in 10 medicinal products in low- and middle-income countries is substandard or falsified*.

DENK PHARMA—GUARANTEE OF MEDICINE SAFETY

Authenticity & purity:

All APIs and supplies are inspected and verified for authenticity and purity.
All of our suppliers are regularly audited by our Quality Assurance Department.

Continuous inspection of product stability:

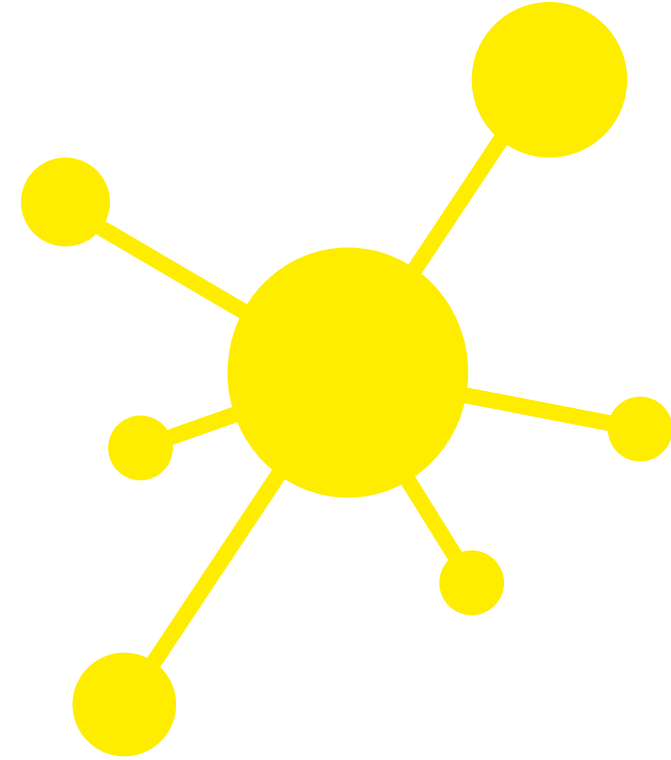

Stability studies are conducted on all products under normal and extreme climatic conditions to ensure quality until expiry dates.

Pharmacovigilance:

Constant monitoring of risks and benefits to enhance patient safety in relation to the use of our medicines

* WHO Global Surveillance and Monitoring System for substandard and falsified medical products, Geneva: World Health Organization; 2017

CREATING ADDED VALUE FOR MEDICAL PRACTITIONERS.

Our medical sales representatives continuously improve their medical and pharmaceutical knowledge. Through our work on the field and regular visits to medical practices, hospitals and pharmacists we can offer the best support because we know your needs. We strive for an ongoing, permanent improvement of our services:

- Seminars for doctors, pharmacists and members of paramedical professions
- High-quality educational material for all medical topics (e.g. ESC-booklet)
- Working material and supplies (e.g. diagnostic devices)
- Expanding our product portfolio to better cover important indications

DENK NUTRITION IS
THE RELIABLE PARTNER
FOR HEALTHCARE.

fertilo forte Denk is a food supplement to support male fertility. It contains the high-quality L-carnitine Carnipure®—with highest concentration of L-carnitine and excellent safety profile (approved by EFSA (European Food Safety Authority)).

We carefully provide a constantly high product quality; from manufacturing to the end consumer. We guarantee quality checks at regular intervals, a very conscious selection of raw materials and reliable product stability.

QUALITY FOR YOUR HEALTH – MADE IN GERMANY

We know that you want your patients to be in good health, and even more important, that they stay healthy for years to come. We are by your side, every step of the way.

CONTINUOUSLY AND PROACTIVELY COMMITTED TO BETTER ACCESS TO HEALTHCARE.
